Note from our family....

Chris Wade spent his time not just THINKING of ways to make life better for others, but actually (physically) DOING those things. To lose Chris to his battle with cancer at the age of 38 was tragic, but to lose his legacy would be even more tragic. To keep his memory alive and to inspire others to good works, his family has established "The Chris "Big Bird" Wade Foundation." This foundation honors the true spirit of selflessness that Chris displayed by assisting another needy member in the community in Chris' name.

So be like Chris and be the Big Bird in your community.
